

Jackson Park Golf Course Improvements

Update on Golf Course and Perimeter Trail

Public Meeting #3

Seattle Parks and Recreation invites you to join in the third public meeting for the Jackson Park Golf Course and Jackson Park Perimeter Trail. The evening is also a great opportunity to meet the project artist, Celeste Cooning.

Seattle artist Celeste Cooning will create a permanent, site-specific artwork design for the Jackson Park Golf Course and Trail which will make an impact along the trail or at the main entrances to the trail. Celeste Cooning was selected from the Seattle Office of Arts and Cultural Affairs public art program prequalified artist roster by a panel that included an artist, a community representative from Friends of Jackson Park Trail and Parks staff. The artwork is funded by Parks 1% for Art funds.

Parks is working closely with the artist and the other consultants on the project. Seattle Parks Senior Landscape Architect, R. Frank Robinson is leading the design for the perimeter trail. Golf course architect Todd Schoeder /ICON Golf Studio designed the new golf holes, cart paths and other recently completed modifications to the course. RW Thorpe is leading the team including Waterleaf Architects and DOWL that is working on the design of the new driving range structure.

Whether you are hearing about this for the first time, or are already actively involved, we encourage you to come to the meeting and learn about the next steps for this project. We look forward to meeting you and encourage you to join in.

Thursday November 15, 2012

7 – 8:30 p.m.

Jackson Park Clubhouse

1000 NE 135th St.

Seattle, WA 98125
