

The mission of Seattle Neighborhood Group is to prevent crime and build community through partnerships with residents, businesses, law enforcement and other organizations.

Seattle Neighborhood Group is offering FREE crime prevention presentations to the Seattle community!

These presentations are informative and hands-on. They vary in length, from thirty minutes to an hour, depending on the need. We have brochures in many different languages and can assist with interpretation if requested. A very brief Crime Prevention site assessment can be provided if requested. After the presentation, a follow up crime prevention memo will be distributed. We are pleased to present at community meetings, events, multi-family buildings, neighborhoods, etc., anyone who is interested! Please contact us to make arrangements.

Personal Safety: How to protect yourself from crime

- o Preventing theft
- o What thieves look for?
- o Transportation safety
